

Welcome Statement from the NCBA's Vice President, Jeffrey Hoenle

As the snow finally melts away and the spring turns to summer, memories of one of the coldest winters on record will fade away. The waters of Lake Michigan will sparkle at sunset and the soft sugar sands will warm our toes.

The North Central Beach Association (NCBA) continues to evolve. This year's expected additions will build on prior year's changes and include the following items:

- The completion and publication of our History Book developed by Chuck Totten and Steve Pierce with numerous contributing authors.
- An updated directory finalized by Geoff and Gail Turk along with Ardian Totten, with source material organized by Nancy Solo, Kari Karr, and Peggy Pierce Barbour.
- The development of "Renter Guidelines" to help maintain harmony on our beach prepared by Kip and Allison Clark, assisted by Ardian Totten and Jeff Hoenle
- The expansion of the NCBA Conservation Organization thanks to the efforts of David Reynolds, Buz Graettinger, Frank Klapperich and Jeff Hoenle
- The reduction in waste removal expenses thanks to our garbage meisters Clark McKeown and David Reynolds.

Over the winter months your Board of Trustees met via net-meetings several times to address the business of the NCBA. This summer, the trustee's will hold live meetings on the following dates:
